N-MC-RE

MCP accessory, intelligent Manual Call Point resettable element

General

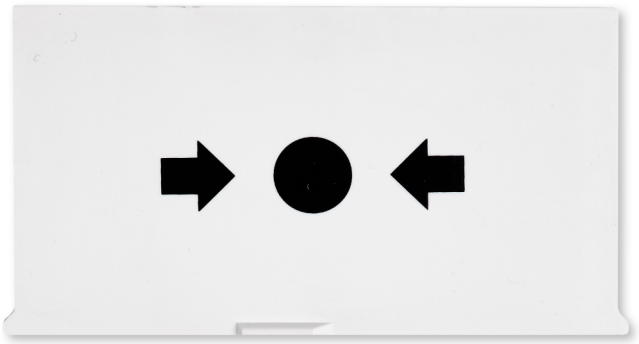
The N-MC-RE is an flexible trigger element for compatible Type-A manual call points. It allows the manual call point to be reset after activation without the need to replace the element.

Visual indication

The N-MC-RE uses clear black print on a brilliant white background. An arrow on either side pointing inwards towards a dot indicates to the operator where to push on the element to activate the manual call point.

Easy to install

Installation of the flexible element in a compatible manual call point is made easy by the product design. Using the test key the front cover of the manual call point is removed, allowing the insertion of the N-MC-RE with a quick and simple action.



Details

- Quick installation without special tools
- No replacement required after activation
- Regular test procedures encouraged without the added cost of replacements
- EN54 certified with compatible manual call points

N-MC-RE

MCP accessory, intelligent Manual Call Point resettable element

Technical specifications

General

User interface	Printed
Compatibility	Excellence, NC & Ziton series MCPs

Detection

Monitoring	Presence

Physical

Physical dimensions	70.52 x 37 x 6.53 mm (W x H x D)
Colour	Señal blanca (RAL 9003)
Mounting type	Inserte
Material (body)	Plastic
Functional marking	→●←

Environmental

Vandal proof	No
Operating temperature	−30 to +72°C
Storage temperature	−30 to +72°C
Relative humidity	10 to 95% noncondensing
Environment	Indendør, Udendørs

Regulatory

Compliancy	CE, REACH, RoHS 2, WEEE
Standards	EN54-11

Compatible products

Category	Reference	Description
Detection device	KE-DM3010R	Excellence Series intelligent addressable manual call point
Detection device	KE-DM3010R-IP	Excellence Series intelligent addressable manual call point, weatherproof
Detection device	KE-DM3110R	Excellence Series intelligent addressable manual call point w/ isolator
Detection device	KE-DM3110R-IP	Excellence Series intelligent addressable manual call point w/ isolator, weatherproof
Detection device	NC-MC-0-R	Intelligent conventional recess mount manual call point, 0 Ω (red)
Detection device	NC-MC-100-R	Intelligent conventional recess mount manual call point, 100 Ω (red)
Detection device	NC-MC-470-R	Intelligent conventional recess mount manual call point, 470 Ω (red)
Detection device	NC-MC-560-R	Intelligent conventional recess mount manual call point, 560 Ω (red)
Detection device	NC-MC-IP-100-R	Intelligent conventional weatherproof manual call point, 100 Ω (red)
Detection device	NC-MC-IP-560-R	Intelligent conventional weatherproof manual call point, 560 Ω (red)
Detection device	ZP886R	Ziton series intelligent addressable manual call point
Detection device	ZP888R	Ziton series intelligent addressable manual call point, weatherproof
